#### QUESTION 1

Which HP printers support adaptive half toning? (Select two)

- A. LJ P1510
- B. Officejet Pro K8600
- C. CP 4520
- D. CP 6015
- E. LJ P2015

Correct Answer: BC

---

#### QUESTION 2

Which IP addresses belong to class A? (Select two.)

- A. 15.196.68.4
- B. 126.99.29.199
- C. 155.169.90.45
- D. 199.87.11.49

Correct Answer: AB

---

#### QUESTION 3

How does REt work?

- A. It prints a limited number of actual primary colors in one dot area or pixel.
- B. It subdivides pixels on the edges of outlines and smoothes the edges: thus creating the appearance of greater dpi.
- C. It produces smaller ink drops; which result in a larger color range, smoother transitions between colors, and greater depth of color.
- D. It creates a palette of grays by forming a diagonal grid of dot clusters.

Correct Answer: A

---

#### QUESTION 4

A graphic arts business is creating images for printing on an offset press. The business is using an HP printer for printing the final proofs. EPS files are often sent to the business to be included in the images printed. Which driver

should be used?

- A. PCL 6
- B. PCL 5
- C. PCL 5e
- D. PostScript

Correct Answer: D

---

#### **QUESTION 5**

How can IT administrators enable the restriction of color printing on application level?

- A. By setting the appropriate printer driver defaults
- B. By using the HP printer driver pre-configuration utility
- C. By configuring via the HP Embedded Web Server or via HP Web Jetadmin
- D. By using HP Easy Printer Care

Correct Answer: B

---

#### **QUESTION 6**

What is the effect of halftoning in a black and white printer?

- A. It increases the dpi.
- B. It varies the amount of toner per dot
- C. It provides grayscales
- D. It reduces paper usage by 50%.

Correct Answer: C

---

#### **QUESTION 7**

What is the most time consuming part of the laser printing electronic process?

- A. I/O process
- B. PS process

- C. PCL process
- D. page rendering

Correct Answer: D

---

#### QUESTION 8

What are advantages of the RIP Once technology? (Select two.)

- A. reduces network traffic because it sends the data just once
- B. reduces workload on the system as not every copy must be rendered again
- C. makes it possible to print additional multiple originals at engine speed
- D. renders a digital image to make the original data smaller and faster for printing

Correct Answer: AD

---

#### QUESTION 9

The HP UPD is supported by which operating systems? (Select two)

- A. MacOSXv10.3orlater
- B. HP-UX 11.x or later
- C. MS Windows XP32bit
- D. MS Windows 7 64bit
- E. Suse Linux 8.x or later

Correct Answer: CD

---

#### QUESTION 10

Which statement is true about DPI?

- A. Higher DPI requires more data, creating larger print jobs.
- B. DPI is dependent on the imaging system that is used (laser or LED)
- C. All network printers are limited to 600 x 600 DPI resolution
- D. Higher DPI provides higher print quality

Correct Answer: A

---

**QUESTION 11**

Which printers use the In-line technology?

- A. several OfficeJet printers
- B. most of the Color Laser printers
- C. all of the Business Inkjet printers
- D. some of the Deskjet printers

Correct Answer: D

---

**QUESTION 12**
